1st  
Voted & Chose George H Dickinson Moderator by using <sup>list</sup> Check

The Second Article in the warrent was <sup>taken up</sup> to see what action the Town will take in regard to repairing the Town Hall. The Subject was then brought up before the Town to see what Course the Town will take to repair the Town Hall made Roofless by the Wind rain & Hail on the 22<sup>d</sup> day of May and doing other damages made to the building during the Shower

The question arose after a spirited debate what proportion of the Expense will the Town Assume in repairing the Town Hall. It was moved and seconded that the Town pay Two thirds of the Expense and the vote was called and, lost

Voted Not to pay two thirds of the Expense of repairing the Town Hall and the School District one third.

After a prolong debate upon the Subject the Town took further action and finally passed

Voted ~~that the Town shall pay one half of the expenses of all the present and necessary repairs on the Town Hall & School House~~  
The following votes as follows

Voted The Town Assume the building as Town property and make all immediate and necessary repairs on the same, and choose a Committee for that purpose. Providing the Center School District at a legal meeting convened for the purpose shall vote to pay One half of the Expense of <sup>such</sup> repairs

And for all future repairs that may be made on the outside of said building, and ~~the said District~~ <sup>the said District</sup> and the said School District to pay the whole Expense of whatever repairs may be made hereafter on the School room inside said building

Voted And chose the present Board of the Selectmen with the addition of the Chairman of the School Committee Charles N Powers to constitute the Committee on repairs

### Maine's Verdict.

Ex-Congressman Horr of Michigan, who has just returned from a speaking tour in Maine, said: "The canvass was a thorough one on each side. The Democrats put forth their best efforts, and in fact let the state go by default, as they did in 1884. They had large numbers of speakers, numerous meetings, spent a great deal of money for literature, and in general left no stone unturned in their efforts to bring down the Republican majority to a very small figure. The Republicans, under Mr. Manley's directions, made a vigorous and thorough campaign. The question discussed by every speaker and every newspaper was the tariff. This was the point at issue. We put the question to the people frankly, 'Do you want free trade or protection?' and that question did majority yesterday indicates that the

At a meeting of the County Commissioners of the County of Hampshire

held, by adjournment at Northampton, in said County, on the first Tuesday of August in the year of our Lord eighteen hundred and ninety nine — Whereas, on the petition of the selectmen of Greenwich and others presented to said Commissioners, at a meeting thereof, holden as aforesaid, on the first Tuesday of August A.D. 1898 representing and setting forth that public convenience and necessity required the discontinuance of the road leading from the house of Calvin Bassett in Enfield in said County, East to Hardwick line — and that certain alterations be made in the highway at the railroad crossing on the Albee Branch of the Boston and Albany Rail Road between Hales Bridge and Greenwich Plain Meeting House as by said petition on file will appear — The said Commissioners, deeming a view of the premises expedient, appointed Wednesday the twelfth day of September then next and twelve o'clock at noon, at the Swift River Hotel in said Enfield as the time and place for viewing the premises; and caused a copy of said petition to be served upon the clerks of the towns of Enfield and Greenwich being the towns within which such alterations and discontinuance of highways were prayed for, thirty days at least before the time appointed for said view; and also having caused copies of said petition to be posted in two public places in said towns and also having given notice to all persons interested, by causing a like copy to be published three weeks successively in the Northampton Daily Herald a public newspaper published in said County, said posting and the last publication of said copy having been fourteen days at least before the time appointed for said view and also gave notice by copy to the Boston & Albany R.R. Co and by registered letter to the Board of Railroad Commissioners of the time and place of said view, and before said view was had, said Commissioners gave notice in like manner as described in the foregoing notice of the petition to all persons interested of the time and place for commencing said view, and on the twelfth day of September the commissioners met at the time and place appointed, and proceeded to view the premises, and having viewed the same, the Commissioners then determined to hear the parties at the time of said view same time of said view and having heard the parties, said Commissioners then proceeded to consider and adjudicate upon the prayer of said petition; and after considering the same, said Commissioners did then and there adjudge that common convenience and necessity required that certain alterations be made in said highways as prayed for in said petition. And it appearing upon the view and adjudication aforesaid, that no person, or corporation interested objected thereto the Commissioners forthwith proceeded to locate and order said alteration of highway as follows. Beginning at station O, of this survey, said station O being in the center of the highway leading from Greenwich to Enfield, by Hales Bridge and on the southeasterly ~~side~~ side of the Enfield and Albee Rail Road thence from said station O, S. 44° 50' W parallel with the southeasterly line of the location of said Enfield and Albee Rail Road and distant forty nine and 1/2 feet therefrom 1140 feet on land of Albert Clifford and Wm Hales to station 1, thence North 68° 35' W on land of said Hales and across the location of the Enfield and Albee Rail Road 158 feet to station 2 in the center of the highway leading from Enfield to Greenwich by way of Hales Bridge and end of this survey. The above survey is made on the easterly and southerly line of the location and said road is laid 49 1/2 feet wide. In the above survey land is taken as follows viz of Albert Clifford 1 acre and 57 Rods and award him \$32.84 For perching the same \$1, Wm Hales 9 square Rods and award 2.81 " " " For perching 6.75- said road is to be worked on the line of this survey commencing at station O, 89 1/2 feet easterly of said easterly line of said Rail Road and running parallel with the same to land of Wm Hales at station 1 thence at a right angle across the track to station 2 said road to be worked 15 feet wide exclusive of side ditches, which must be 18 inches wide and clear of all obstructions; said said road to be judiciously crowned to the height of eight inches so that teams may safely pass over any part thereof. said road at its angles must be judiciously rounded so as to make it turnings gradual and easy as possible. said road to be worked to uniform grade as nearly as practicable from station to station when culverts are required they must be made of stone with stone covers and of sufficient size and now it is ordered that the said town of Greenwich cause the road aforesaid which is in the limits of said town to be worked and completed in a workmanlike manner according to the foregoing specifications and to the acceptance of said Commissioners on or before the first day of Nov 1899

And it is further ordered that the high way leading from the house of Calvin Bassett in Enfield to the barn of Anson Newcomb in Greenwich near the Hardwick line be and the same is discontinued
